Louisiana Water Pollution Control Fee System Regulation
(LAC 33:IX.1309, 1311, 1313, 1315, 1317, and 1319) (WQ070)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Water Quality regulations, LAC 33:IX.1309, 1311, 1313, 1315, 1317, and 1319 (Log #WQ070).

This rule changes the name of the annual fee rating worksheets for the water program fees, and updates the complexity designation tables (alphabetical and numerical) to conform with OSHA's updates to the SIC codes. The name of the Municipal Facility Fee Rating Worksheet is being changed to reflect its use for all treatment works treating domestic sewage. The Industrial Facility Fee Rating Worksheet will be utilized for all non-treatment works treating domestic sewage. There is no change in the definitions or facility status of the terms "municipal" or "industrial" as related to fees charged. The complexity designation tables are amended to conform with OSHA's updated SIC codes. The basis and rationale for this rule are to provide for clarity in the utilization of fee rating worksheets for LPDES permitted facilities and for updates of SIC codes as necessary. This rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

This rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

A public hearing will be held on June 25, 2009, at 1:30 p.m. in the Galvez Building, Oliver Pollock Conference Room, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the proposed amendments. Should individuals with a disability need an accommodation in order to participate, contact Donald Trahan at the address given below or at (225) 219-3985. Two hours of free parking are allowed in the Galvez Garage with a validated parking ticket.

All interested persons are invited to submit written comments on the proposed regulation. Persons commenting should reference this proposed regulation by WQ070. Such comments must be received no later than July 2, 2009, at 4:30 p.m., and should be sent to Donald Trahan, Attorney Supervisor, Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX (225) 219-3398 or by e-mail to donald.trahan@la.gov. Copies of this proposed regulation can be purchased by contacting the DEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for each copy of WQ070. This regulation is available on the Internet at www.deq.louisiana.gov/portal/tabid/1669/default.aspx.

This proposed regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Fifth Street, Baton Rouge, LA 70802; 1823 Highway 546, West Monroe, LA 71292; State Office Building, 1525 Fairfield Avenue, Shreveport, LA 71101; 1301 Gadwall Street, Lake Charles, LA 70615; 111 New Center Drive, Lafayette, LA 70508; 110 Barataria Street, Lockport, LA 70374; 201 Evans Road, Bldg. 4, Suite 420, New Orleans, LA 70123.

§1309. Fee System

A. – K....

L. Facility Complexity Designation

1. The ~~F~~facility ~~C~~complexity ~~D~~designation shall be based on the SIC code as established in the tables in LAC 33:IX.13159.

2. ...

3. When it is demonstrated that factors associated with processes and waste generation are fundamentally different from those considered in assignment of a ~~C~~complexity ~~D~~designation, the administrative authority, on a case-by-case basis, may assign a minor facility a different ~~C~~complexity ~~D~~designation than that indicated in LAC 33:IX.13159. ~~Such assignment~~In making such a reassignment the administrative authority shall consider:

§1311. Instructions for Completing Municipal Facility Treatment Works Treating Domestic Sewage Annual Fee Rating Worksheet

A. – C.4. ...

~~D. — Temperature (Heat Load)~~

~~1. — A heat load should be computed for large thermal discharges. Such discharges are usually indicated by temperature limits in the permit. Computation for a flow less than 10 mgd is unnecessary as it will receive no heat load points.~~

~~2. — Use maximum temperature limit in the permit (maximum temperature reported in application if not limited in the permit) and subtract 70° to compute ΔT in °F, then determine the daily average heat load during the most critical conditions. This is usually during the summer months when stream temperature and cooling water flow rates are the highest.~~

~~3. — If larger heat loads are discharged at other time periods because of seasonal operations, the daily average heat load for those periods should be used. The summer flow rate may not be indicated in the permit application. It can be determined from Discharge Monitoring Reports.~~

4. ~~Compute the heat load using the computed ΔT and the selected flow rate. Check the applicable heat load range and record the associated points in the heat load points blank.~~

~~ED.~~ Potential Public Health Points

1. Determine if the receiving water is used for a municipal water supply.
2. Review the complexity designation assigned in LAC 33:IX.1311.A. If groups I or II were assigned, check the first complexity designation blank, record 0 points in the public health points blank and go to the next instruction.
3. If a higher complexity designation (III, IV, V, or VI) was assigned, then a determination if the receiving water is used as a drinking water supply source must be made. To qualify for points under this criterion, either the receiving water to which wastewater is discharged or a water body to which the receiving water is tributary must be used as a drinking water supply source within 50 miles downstream.

4. Check the appropriate complexity designation blank and record associated points in the public health points blank.

~~FE.~~ Major/Minor Facility Designation

1. Determine if the facility has been designated a major facility by the administrative authority. If the answer is YES, then check the appropriate blank and assign 25 points. If the answer is NO, then proceed to the next part.
2. Determine if the permitted effluent limitations assigned were based on water quality factors in the receiving water. Check the appropriate answer and assign the points required.

~~GF.~~ Total Rating Points. Sum the rating points assigned to each of the six sections and record the total in the total rating points blank.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2001 et seq., and in particular Section 2014(B).

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Water Resources, LR 11:534 (May 1985), amended LR 14:627 (September 1988), LR 18:732 (July 1992), LR 24:327 (February 1998), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 26:2549 (November 2000), amended by the Office of the Secretary, Legal Affairs Division, LR 35:**.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

The following information is requested in order to assist the Legislative Fiscal Office in its review of the fiscal and economic impact statement and to assist the appropriate legislative oversight subcommittee in its deliberation on the proposed rule.

- A. Provide a brief summary of the content of the rule (if proposed for adoption, or repeal) or a brief summary of the change in the rule (if proposed for amendment). Attach a copy of the notice of intent and a copy of the rule proposed for initial adoption or repeal (or, in the case of a rule change, copies of both the current and proposed rules with amended portions indicated).

This rule changes the name of the annual fee rating worksheets for the water program fees, and updates the complexity designation tables (alphabetical and numerical) to conform with OSHA's updates to the SIC codes.

- B. Summarize the circumstances which require this action. If the Action is required by federal regulation, attach a copy of the applicable regulation.

The name of the Municipal Facility Fee Rating Worksheet is being changed to reflect its use for all treatment works treating domestic sewage. The Industrial Facility Fee Rating Worksheet will be utilized for all non-treatment works treating domestic sewage. There is no change in the definitions or facility status of the terms "municipal" or "industrial" as related to fees charged. The complexity designation tables are amended to conform with OSHA's updated SIC codes.

- C. Compliance with Act 11 of the 1986 First Extraordinary Session
(1) Will the proposed rule change result in any increase in the expenditure of funds? If so, specify amount and source of funding.

This proposed rule update will not result in any increase in the expenditure of funds.

- (2) If the answer to (1) above is yes, has the Legislature specifically appropriated the funds necessary for the associated expenditure increase?

(a) _____ Yes. If yes, attach documentation.

(b) _____ No. If no, provide justification as to why this rule change should be published at this time.

This question is not applicable.

FISCAL AND ECONOMIC IMPACT STATEMENT**WORKSHEET****I. A. COSTS OR SAVINGS TO STATE AGENCIES RESULTING FROM THE ACTION PROPOSED**

1. What is the anticipated increase (decrease) in costs to implement the proposed action?

COSTS	FY09-10	FY10-11	FY11-12
PERSONAL SERVICES	-0-	-0-	-0-
OPERATING EXPENSES	-0-	-0-	-0-

FEDERAL FUNDS _____	-0-	-0-	-0-
LOCAL FUNDS _____	-0-	-0-	-0-
TOTAL	-0-	-0-	-0-

*Specify the particular fund being impacted.

B. Provide a narrative explanation of each increase or decrease in revenues shown in "A." Describe all data, assumptions, and methods used in calculating these increases or decreases.

There will be no increase or decrease in revenues.

III. COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS

A. What persons or non-governmental groups would be directly affected by the proposed action? For each, provide an estimate and a narrative description of any effect on costs, including workload adjustments and additional paperwork (number of new forms, additional documentation, etc.), they may have to incur as a result of the proposed action.

There will be no cost or economic benefit to the regulated community or nongovernmental groups as a result of this amended rule.

B. Also provide an estimate and a narrative description of any impact on receipts and/or income resulting from this rule or rule change to these groups.

The amended rule will have no effect on receipts or income for these groups.

IV. EFFECTS ON COMPETITION AND EMPLOYMENT

Identify and provide estimates of the impact of the proposed action on competition and employment in the public and private sectors. Include a summary of any data, assumptions and methods used in making these estimates.

There will be no effect on competition or employment.
